

AYUSH ASHATKAR

JUNIOR ENGINEER

OBJECTIVES

To perceive a career in a renowned firm with dedicated efforts and to associate myself with an organization that give me a chance to update my knowledge and skills.

EXPERIENCE

JUNIOR ENGINEER, FORD MOTOR COMPANY

Chennai, Tamil Nadu — 2020-Present

Utilize diverse programming skills to develop internal company's portal.

Accomplishments:

- Develop website for team in angular framework with appropriate unit testing for each component and services.
- Update existing legacy java system with advance java functional programming.

PROJECTS

Covid-19 Tracker

- It's a real time tracker of covid cases using ReactJS as in front and fetch the data from official api.
- Analysis the data and provide graphs and pie chart for the same for better understanding using chart.js script.

Motion Detection using OpenCV

- Using OpenCV, pandas, NumPy, and Date Time module of python the motion detection has been built to find out the motion of any object using a webcam.

Resource Block (Resource Provider to college students)

- Bootstrap 4, HTML, CSS-flex for responsive website to provide tech-based information to campus students.
